

CHILDREN & YOUTH DEVELOPMENT PROGRAMME

EITF 2026

Empowering young farmers • Building food security • Growing Eswatini's green future

OUR PURPOSE

To plan, coordinate, and implement youth and children-focused agricultural programmes that foster sustainable development, food security, and improved livelihoods across Eswatini.

YOUTH PARTICIPATION

We engage young people through innovative, sustainable farming practices and practical field experience.

CAPACITY BUILDING

- Hands-on farming & agribusiness skills
- Workshops, mentorship & start-up support
- Leadership & advocacy training

SMART CROP TECH

- Shade nets for climate protection
- Drip irrigation for water saving
- Hybrid & early-maturing seeds

LIVESTOCK & VALUE

- Artificial Insemination programmes
- Reduced overgrazing risks
- Value-addition across value chains

↑ INNOVATIONS FOR THE GREEN ECONOMY

Shade Nets

Crop insurance against extreme weather.

Drip Irrigation

Maximum yield, minimum water use.

Hybrid Seeds

Climate-adapted varieties.

Value Addition

Processing & packaging opportunities.

📁 / NEED FINANCE OR TECHNICAL HELP?

1

Start-up

ENYC, EYEOP and youth-focused partners.

2

Upscale

YERF walks the growth journey with you.

3

Expand

EADF takes your business to the next level.
